

## CONTENTS

1	Atmosphere parameters control in the underground coal mines <i>Henryk BADURA, Henryk STABLA</i> .....	7
2	Innovations in social economy <i>Małgorzata BARON-WIATEREK</i> .....	22
3	Method of surgical staff competence improvement using the augmented reality technology <i>Joanna BARTNICKA, Daniel DĄBROWSKI</i> .....	29
4	Designing of noise protection systems in industrial environment <i>Arkadiusz BOCZKOWSKI</i> .....	42
5	Application of the finite element method in determination of the natural vibrations frequency of frictional joint <i>Jarosław BRODNY</i> .....	51
6	Determination of frictional contact coefficient of rope with surface contact of wires and frictional lining <i>Jarosław BRODNY, Marcel ŻOŁNIERZ</i> .....	60
7	Methods for supporting the flow of information about the environmental factors in emergency services and prevent action <i>Łukasz DZIEMBA, Stefan SENCZYNA</i> .....	71
8	Influence of employees' attitudes and behaviour on safety culture in company <i>Anna GEMBALSKA-KWIECIEŃ</i> .....	87
9	Companies' responsibility for sustainable development. Sustainable production patterns in small and medium – sized enterprises <i>Patrycja HĄBEK</i> .....	97
10	Analysis of gaseous hazards in mine workings using an automatic monitoring system <i>Jolanta IGNAC-NOWICKA</i> .....	106
11	Application of gps technology in surface mining <i>Josef JURMAN, Dana SLÁDKOVÁ</i> .....	116
12	Audit versus development in a certified quality management system <i>Mariusz J. LIGARSKI</i> .....	124
13	"Tango down". Some comments on the security of cyberspace of republic of Poland <i>Dominika LISIAK-FELICKA, Maciej SZMIT</i> .....	133
14	Preparation of handling equipment for approval of the office of technical inspection – case study <i>Jerzy MIZGAŁA</i> .....	146

15	Quality Assessment of Municipal Services in the Selected Municipality of the Silesian Province <i>Michał MOLENDĄ, Sebastian KRAFCZYK</i> .....	153
16	Analysis of garment manufacturing defects in x clothing manufacturing company <i>Teresa MUSIOŁ, Joanna STOLARCZYK</i> .....	163
17	The contract for public procurement in system of public sector institutions' the management <i>Ireneusz PINDEL</i> .....	172
18	Acoustic environmental hazards of work on main road haulage levels in the coal mine <i>Marek PROFAKA, Zbigniew GŁODAŁA</i> .....	179
19	Minimizing noise emission of the main road haulage evels in the coal mine <i>Marek PROFAKA, Zbigniew GŁODAŁA</i> .....	188
20	Selected aspects associated with preparing the production and industrial period – storing <i>Jacek SITKO, Krzysztof MICHALSKI</i> .....	197
21	Application of methods of strategic management in developing urban renewal programs in the largest cities in Poland <i>Tomasz SZULC</i> .....	208
22	An evaluation of the efficiency of quality management systems implemented in small enterprises – reserach results <i>Jerzy ŚCIERSKI</i> .....	219
23	Dilemmas of public participation in acoustic climate management in the context of elaborating action plans against noise in urban areas <i>Anna WILIŃSKA</i> .....	233
24	The benefits obtained by the improvement of quality management systems – an analysis of the validity <i>Radosław WOLNIAK</i> .....	241
25	Civilizations and production methods <i>Juliusz WÓJCIK</i> .....	250
26	Evaluation of waste packaging management system in Lubuskie <i>Joanna ZARĘBSKA</i> .....	267
27	How to MERGE environmental information using meta-analysis <i>Jarosław ZAWADZKI</i> .....	279
28	Structure of computer management systems design <i>Mariusz ŻÓŁTOWSKI, Wojciech ŻARSKI</i> .....	288
